

REFERRAL SCHEME

Refer & Reward

£250

AMAZON VOUCHER

Introduce a business to us. When they sign up, we say thank you with a £250 Amazon voucher.

Communications, IT & Cybersecurity.
Business Technology, Made Simple.

A £250 Thank You

When a business you introduce signs up and their services go live, you receive a £250 Amazon voucher. Not a discount or a credit against a future order: a voucher to spend on whatever you like.

Nothing to Fill In

There is no form, portal or code. Tell us who they are by email or phone, or give them our number and ask them to mention your name. We take it from there and keep you posted along the way.

No Pressure on Your Contact

We treat an introduction the way you'd want your own name treated. We meet them, understand what they need and make a recommendation. If it isn't right for them, that's fine, and it reflects on nobody.

No Limits

There is no minimum order size, no cap on how many businesses you can refer, and you don't need to be a customer yourself. Every introduction that becomes a customer earns a voucher.

Three steps, one condition and a voucher at the end. This is exactly how it runs.

Make the Introduction

Email letstalk@fonetech.uk or call 0330 221 1183 with the business name, who to speak to and your own name, so we know the introduction came from you.

We Get in Touch

We contact them, explain who we are and that you suggested it, and arrange a conversation at a time that suits them. No cold calling, no hard sell.

Survey and Proposal

We meet them, look at what they have and what they need, and put a written proposal together. There is no obligation on them at any point.

When It Goes Live

If they go ahead, we complete the paperwork, deliver the installation and get their services live. That is the moment the voucher is earned.

Your Voucher Arrives

Once their services are live, we confirm it with you and arrange your £250 Amazon voucher, so you know exactly when to expect it.

The Small Print

One voucher per referred business, paid once their agreement is signed and services are live. Vouchers can't be exchanged for cash, and the scheme may change or close.

NEXT STEP

Make an Introduction

Know a business that could do with better phones, connectivity, WiFi, mobiles or IT? Tell us who they are and leave the rest to us.
