

## Stay Ahead with Smart, Reliable Communication from Elevate UC.

### Why Choose F One for Your Cloud Phone System.

At F One, we make it easy for your business to stay connected with Elevate UC, a cloud-based phone system that works wherever you do.

With Elevate UC, you can make calls, hold video meetings, send messages, and share files, all from one simple system. Whether you're at your desk, on the road, or working from home, it keeps you and your team connected and productive.

It's packed with helpful features like video conferencing, automated call menus, and tools to track call performance. Plus, it's secure, reliable, and ensures your business runs smoothly with 99.99% uptime. Elevate UC is the perfect way to save time, reduce costs, and keep communication flowing effortlessly.

- 

**Mobile App for Flexibility**  
Manage calls, messages, and meetings on the go with a user-friendly mobile app that works seamlessly across devices.
- 

**Call Recording Made Simple**  
Easily record and review calls to improve training, maintain compliance, or ensure excellent customer service.
- 

**Reporting & Analytics**  
Access in-depth call data and performance metrics to make smarter business decisions and optimise your communication.
- 

**SmartVoice On-Hold Messaging**  
Enhance customer interactions with customisable, professional on-hold messages, auto-attendants, and voicemail greetings.
- 

**Seamless CRM Integration**  
Connect your phone system with popular CRMs to track calls, streamline workflows, and deliver a more personalised customer experience.
- 

**Voicemail Transcription**  
Save time with voicemail-to-email transcription, allowing you to quickly read and respond to messages without needing to listen to recordings.
