Key Benefits for Your Estate Agency.

Call Reporting and Analytics

Track staff members performance and improve overall efficiency with detailed call reporting and analytics.

Gain valuable insights into call volumes, durations, and missed or unreturned calls to help your team deliver better service and never miss a business opportunity.

Stay Connected Anywhere

Work seamlessly from the office, home, or while on the move with our mobile and PC apps. Make and receive calls from any location, access your client database, and keep communication professional, ensuring you never miss an important client.

SmartVoice On-Hold Marketing

Keep clients engaged while they wait with our SmartVoice solution. Use professional, AI-generated messages to promote your latest property listings, highlight open house events, or showcase additional services, driving more interest, viewings, and valuations.
