

Our Core Products.

SafeWeb Plus.

At F One, we're committed to providing cutting-edge solutions that keep our customers safe online. That's why we've introduced SafeWeb Plus... designed to protect your business from online threats with ease and confidence.

Comprehensive Protection from Online Threats.

SafeWeb Plus actively blocks over 10,000 online threats daily, including harmful websites and viruses. It automatically scans your network and devices, ensuring your business is protected against known and emerging threats without any manual intervention.

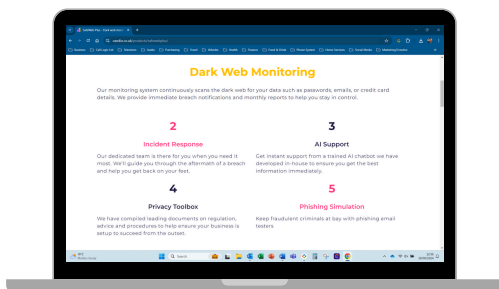

Peace of Mind with 24/7 Real-Time Security.

With SafeWeb Plus, your business benefits from round-the-clock real-time protection and 99.9% website security. It works quietly in the background without slowing down your internet, ensuring your team stays safe online at all times.

Cost-Effective, Simple Security Solution.

SafeWeb Plus will automatically protect your business for just £12.99 per month. It offers premium security at an affordable price, helping you safeguard your business without breaking the bank. Plus, there are no long-term commitments, and you can cancel at any time with no hassle.

Easy Setup and Effortless Management.

SafeWeb Plus requires no complex installation. Once enrolled, it automatically sets up to protect all your devices. It also includes tools to train your staff to recognise phishing and other online dangers, helping them browse the web confidently and securely.
